

Freddy Mutshipayi

Company director at Congo Connect Limited

freddymutshipayi@gmail.com

Summary:

Congo Connect Limited is a UK registered company providing investment consultancy services to UK businesses willing to invest in the Democratic Republic of Congo.

Congo Connect Limited is dedicated to assisting British firms to do business in the DRC in the most profitable, sustainable, and cost effective manner.

The Democratic Republic of Congo is a country overflowing with trade and investment opportunities. All economic sectors offer unlimited opportunities, notably mining, agribusiness, information technology, energy, tourism, hospitality, financial services and telecommunications. Trade and investment between the UK and the Democratic Republic of Congo can be very substantial. However, there are very few initiatives designed to strengthen investment and commercial links between the two countries. Despite being under- developed, the DR Congo has enormous natural resources and economic potential. With its 100 million inhabitants, this central African giant (2.345.000 km² and 2nd biggest African country in terms of landmass), is a huge market for British products and services.
